Subject: RE: Non-Compliance Notification for the ms Zaandam for a Permeate Sample collected May 22, 2008 - Exceedance of Interim Permit Limit for Dissolved Zinc

Tina,

The Zaandam is now authorized to discharge under the interim compliance limit for zinc. The vessel's authorization letter will be modified accordingly.

Also note that I am out of the office for the next two weeks. I have limited internet access but please cc Albert Faure to ensure that your issue receives timely attention.

Regards,
 Denise

Subject: Non-Compliance Notification for the ms Zaandam for a Permeate Sample collected May 22, 2008 - Exceedance of Interim Permit Limit for Dissolved Zinc

Denise – The 7-day non-compliance notification for the dissolved zinc exceedance detected in a permeate sample collected from the ms Zaandam on May 22nd is attached to this e-mail as follows:

- Letter transmitting the non-compliance notification form, and the non-compliance notification form itself, are included in the third attachment above.
- Laboratory data are included in the first attachment above.
- The second attachment above includes an excel spreadsheet summarizing the data.

We await your acknowledgement that the ms Zaandam can now discharge permeate under the interim permit limit for dissolved zinc.

Please let me know if you need anything else from me in regards to this matter.
