Subject: DEC Requests Update on HAL SRE efforts for 2009 Season
Importance: High

Captain Morani,

As I mentioned at the DEC/Industry meeting on August 12th, Ocean Rangers on several ships had made comments that ship staff didn't know about the company SRE efforts. As a result, I am asking companies to provide an update to DEC on their company's SRE related efforts.

Please provide the update to DEC on October 1st.

Please be advised that we will be asking Ocean Rangers to observe items such as whether any modifications were made to the wastewater treatment system, asking to see any repairs (if any) that were made to the potable water distribution system for purposes of reducing metals, asking to see the "Ozonator" aboard the Ryndam, etc.

Regards,
Denise
