Re: Narrowing Scope and Request for Extension of the Deadline for Public Comment, Request for Records Pursuant to Alaska Open Records Law Relating to the Proposed Air Quality Control Construction PSD Permit AQ1539CPT01 for Alaska Gasline Development Corporation's (AGDC) Liquefaction Plant

Dear Mr. Jones,

I am sending this letter to narrow the scope of NPCA's FOIA request and request an extension to the deadline.

Without waiving any rights to challenge the letter we received from Emma Pokon Deputy Commissioner (received December 2, 2020), on behalf of National Parks Conservation Association (NPCA), I limit the record request to include the following:

- All electronic mail communications and attachments from the Federal Land Managers (FLMs) regarding the AK LNG project as relates to the proposed PSD permit limited to time frame starting August 12, 2020 to present (December 3, 2020).

Since the fees charged to requesters do not include the initial five hours to search and copy, please notify me *immediately* of the anticipated costs for ADEC's time in excess of that amount so that I may engage my client to receive approval. Further, we look forward to receiving these records promptly.

While we greatly appreciate the prior extensions granted by ADEC, in light of the deadline one week from now to submit comments on the propose PSD permit (December 10, 2020), we are left no choice but to request an extension to that deadline. Therefore, based on the assumption that ADEC will timely provide the requested records, the scope of which has been significantly limited in substance and time, and in consideration of the upcoming holidays, we ask for a 20-working day extension to January 11, 2020. In the event ADEC denies this extension request, as needed, NPCA intends to file supplemental comments.

Please feel free to contact me asap if you have any questions or would like to discuss this request.

Sincerely,

A handwritten signature in blue ink that reads "Sara L. Laumann". The signature is fluid and cursive, with the first name "Sara" and last name "Laumann" clearly legible.
